OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,
Cantonment Vandidrug, 15th May 1904.

From

H. J. BHABHA, ESQ., M.A.,
Inspector General of Education in Mysore,

To

L Ananthaswami Rao Esq BA
Offg Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

With reference to the scales of establishment already sanctioned or to be sanctioned in future for various Industrial schools in Mysore I have the honour to request that the Inspector General of Education may be authorised to make slight alterations in the scales sanctioned, if need be, provided the total monthly expenditure sanctioned is not exceeded. As Industrial schools have to deal with artisans and workmen, a rigidly fixed scale of charges proves sometimes to be inconvenient, and it would not be proper or advisable to trouble Government for any little change in the distribution of expenditure that

local or other circumstances may require. The schools are treated as grant-in-aid institutions and just as the Managers of aided institutions have the power to distribute expenditure over their establishments, I request that the same power may be given in general terms to the Inspector General, and the Comptroller informed of it. Such authorisation will render the working of Industrial schools easier than with rigid scales of establishment.

I have the honour to be,
sir,
Your most obedient servant
H J Bhabha.
Inspector General.

circumstances may require and
request that as these schools are
treated as grant-in-aid institutions.
It may be given ~~the Govt power~~
in future terms the power to distribute
expenditure over these establish-
ments which the managers of the
aided institutions have.

Govt. observe that the proposal is
rather vague and against the Code
rules. Sanction can be obtained
easily and without much delay.
After all there are not many such
schools in the State, and occasions
for variations will be few and far
between.

Under the circumstances Govt. are
not prepared to sanction the pro-
posal and in cases of exceptional
urgency they will have no objection
the required sanction being antici-
pated.
